

Product Development Portfolio

*Gary Noe
Owner/EE
BandFive Enterprises, LLC*

**Complete Hardware Development: BandFive Enterprises MicroFlex D Express™
Prototyping Platform**

Lexmark Photo Jetprinter 5770

Lead EE: Lexmark 5770 – First Generation Photo Printer

Lead EE: Lexmark P450 Photo Printer with CD ROM Burner

Lead EE: Lexmark N1 Inkjet Ethernet Adapter.
- First Generation Inkjet Network Adapter

Lead EE: *Magnavox VideoWriter*
– *First Generation Portable Word Processor*

Staff EE: *Magnavox Odyssey 3 Video Game Console*

Staff EE: *Magnavox Laser Disk Player*

Additional Projects

- ▶ *Lead Contract EE for Tempur+Sealy Electromechanical R&D*
- ▶ *System Engineer and Development EE for Lexmark Inkjet Auto Alignment and Media Sense systems. High volume production.*
- ▶ *System Engineer and Development EE for Lexmark Mono Laser Toner Density Sensor System. High volume production.*
- ▶ *Lead EE for Lexmark Hand Printing technology development.*
- ▶ *System Engineer for Xerox/ACS portable imaging system used to capture images in the Library of Congress and INS offices.*
- ▶ *System Administrator of a 20 workstation Silicon Graphics network at Lexmark used for plastic part design and flow analysis.*
- ▶ *EE responsible for the transfer of PCBA production from Encad to Lexmark to support inkjet plotter production.*

Patents

- ▶ *7,262,745: Snap in antenna assembly for wireless radio circuit card*
- ▶ *7,628,623: Memory card bezel for an apparatus*
- ▶ *7,661,814: Hand Held micro-Fluid ejection devices configured to block printing based on printer orientation and method of blocking*
- ▶ *7,784,933: Smart projector guides for hand printers*
- ▶ *8,092,006: Handheld printer configuration*
- ▶ *8,210,758: Guiding a hand-operated printer*
- ▶ *7,748,839: Handheld printing with reference indicia*
- ▶ *2007/0237560 (Published Application): Stand-alone hand-held printer and systems with display for print quality*
- ▶ *1 patent pending*
